Subject: wipe sampling field sheet
[field sheets.xlsx](#)

Tom –

Here's a first cut at a wipe sampling field sheet.

I'd like to also make sheets for:

- daily calibration of instruments, including 3030, ZnS, pancake, NaI, etc..
- soil sample collection
- maybe a "surface" survey where we collection multiple static counts to determine baseline levels

Anything else you can think of?

Rob
